

Seascape Sports Club Update #6

COVID-19

TO OUR MEMBERS

Santa Clara County has reopened lap pools, Monterey County has reopened lap pools. California is expected to issue guidelines for reopening gyms this week. Santa Cruz County moved to late Stage 2 Tuesday night which allows for tennis play with social distancing (see below); and we assume Santa Cruz County will reopen lap pools soon. We are ready! Here's what to expect when you return:

- **Swim Center** water chemistry is automatically controlled and will be manually tested throughout the day. The CDC says there is "no evidence coronavirus can be spread through the use of a properly maintained pool and hot tub". Our Lap Pool lanes are 6 feet apart and the two outside lanes are 8 feet wide. Only one person per lane will be allowed to swim laps at the same time except for members of the same household. Lanes can be reserved for thirty minutes, 24 hours in advance.
- **Fitness Centers** have been sanitized and cleaned. Equipment has been removed or relocated to provide better spacing; and 2 Peloton Bikes have been installed. We have over 20 sanitizing stations throughout the Club, 6 filtered water locations and 7 regularly maintained restrooms to support safe hygiene while you are at the Club. We are planning to add an Outdoor Fitness Area in the future to further expand your fitness options.
- **Tennis (and Pickleball) Courts are open for play** and reservations can be made 24 hours in advance. We are following the guidance provided at our nearby public courts that requires tennis participants to comply with social distancing directives.

Benches have been placed on opposite sides of each court, sanitizer and clean towels will be placed on each bench daily. In addition, we recommend each player bring (and mark) their own tennis balls, avoid changeovers and refrain from shaking hands at the end of the match. We will be launching new In-House Tennis Leagues in early July.

- **Group Exercise Classes** will return to the Club as soon as they are allowed, with new protocols to promote both Member and Instructor safety. Some classes may be held outside, as appropriate and inside class size will be limited when necessary. Club equipment will be sanitized before and after classes and Members will be encouraged to bring their own equipment whenever possible. For now, we will continue our online class program.

As the Club more fully reopens this month, we will continue to require that appropriate social distancing protocols be followed, that masks be worn inside the Clubhouse; and that each Member who enters the Club sign a waiver. Monthly statements will be mailed this week and Tennis Members will be charged normal dues.

We wish to thank everyone for their patience and we hope the Club will continue to be an important component in maintaining both your physical health as well as your mental health.

Management
